AMATEUR EROTIC PHOTO CONTEST
OVER \$30,000 IN CASH AND PRIZES!

DENISE D.

21, housewife

Revere, Massachusetts

Photographed by her husband, Thomas

A petite five foot two, Denise will have to find new goals to reach for in the future. She told us her fondest dream was to become a centerfold girl, and now we've gone and made her dream come true. Denise lists her hobbies as "shopping and bowling," but we suppose she'd find new ones if her fantasy of being "marooned on a desert island with all men" were to come true, too.

CISSY P.

20, dancer

Houston, Texas

Photographed by her husband, Norman

Just five foot three and 95 pounds, Cissy is an animal lover who hopes to become a veterinarian one day. Good manners and snappy dressing matter to her; dirty ashtrays and drunk drivers are pet peeves. Cissy lists sex among her hobbies and tells us her favorite fantasy is "a man and a woman both caressing my body."

Share the charms of your favorite lady with us. Each entrant whose picture is published in the monthly "Friends & Lovers" section receives \$50, plus a chance to win \$750 as a monthly winner and the \$5,000 Grand Prize. We'll accept any type of photograph, but please send slides for the best quality of reproduction. See contest rules and entry blank on page 105.

CHAMPAGNE L.

32, model
Onalaska, Wisconsin
Photographed by her friend,
L. M.

A housewife turned model, Champagne just bubbles with big ideas. She hopes to become "an actress and a more dynamic model," but if she could have her favorite fantasy come true, she would be "stranded on an island with ten very sexy men, food and drink to last a year, and a king-sized bed." We think Champagne could handle it, but could the bed?

CANDIE J.

27, interior decorator
Phoenix, Arizona
Photographed by her husband, Michael

Sweet Candie likes horseback riding, swimming, and "going fast on a motorcycle." But she really loves being the mysterious "other woman" in her husband's sex life. She tries to come up with a new role every week. In one of her most successful roles, she met him coming home from work.

"I dressed up in a skimpy cowgirl outfit, roped him, and then made love to him in the backyard."

ANGELA F.

18, receptionist
Tustin, California
Photographed by her friend, Wes

This beautiful blonde likes "seafood, Dynasty, and Clint Eastwood" and fantasizes about "ice skating or snow skiing in the nude." Something like a hot fudge sundae, wouldn't you say? Even so, Angela thinks of herself as "an old-fashioned, nice girl who's looking for Mr. Right." If you're out there, Mr. Right, here's your angel.

SUE M.

27, merchandise manager
Lancaster, California

Photographed by her husband,
Michael

A Leo, Sue says, "Showing off my body gives me a feeling of power." Gives us a powerful feeling, too. She fantasizes about her "chiropractor making a house call and having him take my temperature with his great big 'thermometer.'" We never like to discourage the free flow of fantasies, but a house call? Dream on, Sue.

TAMI R.

42, model, entertainer
Atlanta, Georgia

Photographed by her friend, Philip

You may have seen Tami and her majestic 44DD bust in a couple of Russ Meyer's flicks or even gracing the pages of some other men's magazines. Tami's unusual hobbies include cat grooming and hand beading, and her unusual fantasy is "dressing men in my underwear." Wow! Most of all, Tami wants you to know that "big boobs are nice, but I also have a brain."

SUSAN V.

27, geologist
Colorado Springs, Colorado
Photographed by her friend, Jewel

This lovely brunette is very sure of what she likes and what she doesn't. "Good music, privacy, and the right man" are what she likes; "deception, know-it-alls, and warm champagne" are what she doesn't. And she has discovered a delightful way to make her fantasies come true. "I love to 'do it' and then fantasize about it," she told us. Pretty sneaky, no?

HELEN H.

20, dancer
Baltimore, Maryland
Photographed by her friend, Doc

Someday Helen hopes to settle down and raise a family, but for now, she's happiest roaming the great outdoors—riding horses, playing ball, and fishing. In fact, she won a fishing contest last year and prizes a certificate from the governor, attesting to her abilities. We don't have to see that certificate to believe Helen could reel in a really big one.

BARBIE B.

19, waitress
Tucumcari, New Mexico
Photographed by her husband, Nick

Barbie would like to be "rich and famous" (who wouldn't?), but can be happy just spending time in the company of people she loves. She dislikes being alone more than anything and attests to this by saying her favorite fantasy is "to have a harem of guys for my own sex slaves, to do as I say and please me every day." Where do we sign up?

MARCH 1984 FRIENDS & LOVERS MONTHLY WINNER

DENISE D.

REVERE, MASSACHUSETTS

Famous for his silversmithing and for taking horseback rides at midnight, Paul Revere could not have foreseen what was really coming, a Massachusetts town named in his honor and a town now honored for being the home of the "Friends & Lovers" contest winner for March. Like the month she represents, twenty-one-year-old Denise has two sides to her. Sometimes she comes on like a lion, sometimes like a lamb. Our camera artist found out about that, capturing the hazel-eyed blonde and her opposing qualities for the enjoyment of all Genesis fans.

PHOTOGRAPHY BY STEVE PETTIT

And what does our lion of a lamb like to do?
"I love to sunbathe on Revere Beach," she told us,
"or sit on the seawall and watch the water and the birds
I love birds. I taught my parrot, Bo, to talk—but I
won't let him talk dirty." Isn't that nice?

BARBARA P.

20, waitress

Boise, Idaho

Photographed by her husband, Michael

Just five foot two and weighing 100 pounds, Julie likes "long motorbike rides, hiking, and camping in the great Idaho outdoors." She told us: "My second favorite thing is watching stock-car races." She didn't say what was first, but we're pretty sure it's an indoor sport.

LAURA B.

18, student
Cupertino, California

Photographed by her friend, Robert

TARA A.

24, secretary
Independence, Missouri
Photographed by her husband,
Jason

A petite five foot three, Tara has done some professional modeling and wants to do more. She loves scuba diving and gourmet cooking and prefers a man who is "sincere, hairy-chested, and blond." Asked about her favorite sexual fantasy, she says, "Why fantasize when you've already got it all?"

BIRGIT B.
23, secretary
Neckarsuim, West Germany
Photographed by her lover,
John

Blond, blue-eyed Birgit says her measurements are 98-77-89. (That's centimeters, guys—go look it up.) While she enjoys her present career, she'd really like to become a professional model. Birgit's hobbies are dancing, swimming, music, and making love.

CAROL M.
27, belly dancer
Albuquerque, New Mexico
Photographed by her friend, Rod

A vegetarian and self-professed "health nut," Carol often dances with a seven-and-a-half-foot boa constrictor named Alex. Her dancing career has also included delivering "Las Vegas-style Strip-o-grams" and performing aloft in a hot-air balloon. Not surprisingly, her interests include "magical, mystical things and anything about UFOs."

APRIL 1984 FRIENDS & LOVERS MONTHLY WINNER

VICTORIA LEE
BEAUFORT, SOUTH CAROLINA

Nothing could be finer than to be in Carolina with this month's "Friends & Lovers" contest winner. Next best is sending our roving lensman to the Carolinas with an assignment to bring back the best of Victoria. At five foot six, 130 pounds, and 36-26-37, she has a lot of "best" to offer. "I've never posed for anyone except my husband before," Victoria bashfully told us, "but thinking about someone else taking my picture turned me on." (That's the spirit!) "At first, I was nervous about posing for a stranger, but then, as it went along, it was just a job—but a really fun one." We wondered what it is that turns this brunet bombshell off. "Sometimes people act like I don't know what I'm talking about—just because I'm female," she said with her eyes flashing. "I really hate to be ignored."

PHOTOGRAPHY BY STEVE PETTIT

As a part-time photo-lab technician, Victoria was very interested in the specifics of her GENESIS shoot. (Not many of our models know the difference between an f-stop and a G spot.) And now, having made love to the cameras of two men, Victoria has a new prime-time fantasy: making love to two men at the same time. We hope all her dreams come true.

An animal lover, Victoria has a dog (part Pekingese, part Lhasa apso), a cat (parts unknown), and a (part) quarterhorse named Molly. "I love horseback riding," she said, "and it's great exercise, but when I can't get out to ride, I work out at the gym two or three times a week." All that physical fitness has paid off nicely.

A photograph of a woman with dark hair lying on a bright pink, wrinkled sheet. She is looking directly at the camera with a slight smile. The top left corner of the image has a decorative border with red, white, and blue stripes.

LEE S.
29, waitress
Wenatchee, Washington
Photographed by her friend, John

Lee really enjoys her work and says it gives her lots of opportunities "to make new friends, especially men." Drawn to gentle, romantic guys who are "active, whether it's sex or sports," Lee describes her first nude modeling experience as "very exciting." For us, too, Lee.

Share the charms of your favorite lady with us. KIM L.

24, nurse

Tualatin, Oregon

Photographed by her friend, Gary

Beautiful Kim likes her men tall, dark, and funny. An Aquarian, this water baby loves outdoor sports like hiking and skiing.

And while she intends to pursue modeling, she'll still "continue my career as a nurse." We definitely feel a fever coming on.

DEBORAH D.

22, gym instructor

Granite City, Illinois

Photographed by her husband, W.E.

Motherhood didn't hurt Deborah's shape at all, but she's working out regularly at her bodybuilding just the same, because "one day I would like to be the best in the world."

She admits to "expensive tastes," but is perfectly happy just cruising around on her motorcycle. We don't know about you, but our mom was never like this.

SUSAN S.

33, housewife
Flushing, New York

Photographed by her husband, Larry

Happily married for twelve years, Susan says they've done this by having "diversions," such as the time she got tattooed ("a rose just above my beaver and a butterfly on my rear") and a fantasy of her husband's ("seeing me do it with another man") which she intends to fulfill real soon.

TWILA W.

26, mother
Union City, Tennessee
Photographed by her sister, Connie

Twila, who has either a B-17 bomber or a chickadee tattooed on her left breast, hopes for a career in modeling. She's kind of an outdoor girl, but once she gets back into the house she wants a man who "can please me more than once a night."

MARLYN A.

27, registered nurse
Encinitas, California

Photographed by her friend, Steve

This spectacular strawberry blonde measures 37-24-35½, and while some credit goes to her hard work with weights for the last eight years, Mother Nature did the rest. Marilyn says, "I like to think my smile helps my patients to get well." We like to think her whole package is what does it.

LOIS D.

36, student
Santa Rosa, California

Photographed by her friend, Bill

If this redheaded fox looks familiar, she should. Lois graced these pages in June, 1983, and is back looking a year younger. A lovely 36-24-36, this five-foot-three bombshell is also a volunteer nurse and a Girl Scout leader. We'd love to try her cookies.

"FRIENDS & LOVERS" MONTHLY WINNER

KRISTI ROSS

SANTA BARBARA, CALIFORNIA

As the song says, after April come "the flowers that bloom in May." That's Kristi, all right—a blooming flower just beginning to open up and let the nectar flow. A petite five foot three and 105 pounds, this blond honey with the 34-22-34 frame is game for whatever riches life has to offer. "I won't always be a salesgirl," she told us. "I'd like to be a model someday." We reminded her that, by winning this month's "Friends & Lovers" contest, someday was now. "So it is," she laughed, "but I'd also like to model some clothes someday. Or maybe I'll be an executive secretary." We assured her that there would always be a market for a girl who takes dictation at 150 words per minute while looking spectacular both in and out of her clothes. Even if she can't spell worth a damn.

PHOTOGRAPHY BY STEPHEN HICKS

But inasmuch as the goal of nude modeling was happening right now, we asked Kristi how she liked it. "I love modeling nude for my boyfriend," she said. "To me, the perfect evening would be a seafood dinner and some white wine. After a walk on the beach, we'd go home and get into the hot tub. Then I'd put on my garter belt and stockings and bring out the camera for some fun." So, we asked, posing is fun? "Only for my boyfriend," she said. "I meant sex. Sex is fun." (Kristi was beginning to warm to the subject—and so were we.)

"FRIENDS & LOVERS" MONTHLY WINNER

guide to erotic photography

Cropping is the secret to creating a fantastic picture of a fantastic subject. In this case our subject is not only fantastic—she is our annual “Friends and Lovers” \$5,000-prize-winning centerfold. Randi’s near-perfect face can be photographed well from any angle. She also has a vivacious personality which is projected to the viewer in nearly every photo. Starting with the “face shot” or portrait on the following page, every photo in the centerfold was cropped, either by the photographer while shooting, or by our Art Department during layout. The portrait shot was cropped in the camera by shooting with a zoom lens at a relatively short distance. This allows the photographer to fill the negative with the subject, excluding other elements which might distract the viewer. The same effect can be achieved during printing by enlarging only that portion of the slide or negative which has the greatest impact on the viewer. Check page 64 for additional photo tips, and start turning out photos of your friend or lover to enter in our \$30,000 “Friends and Lovers” contest. Before you shoot, flip to page 112 for complete details of our contest and an official entry blank.

Shooting a model as beautiful as Randi is easy in one way, but very hard in another. Since she looks so good in every pose, it is easy to just keep on shooting and end up with a collection of very nice pictures—and no really exceptional shots. Our photographer avoided this trap by carefully selecting props, clothes and poses which accentuate Randi's fantastic shape and flawless features. This obviously took a great deal of effort on the photographer's part, but the result is worth it. Many of the most effective techniques are so simple that they may not be obvious to most viewers, even though they can appreciate the results.

In photo A, Randi stretches out on her stomach wearing a garter belt and a sheer top. The waistband of the garter

belt emphasizes her exceptionally small waist. The taut garter stretches in a straight line from the waistband to her stocking top. This straight white line across Randi's tan thigh, the top of her stockings, and the waistband, together

create a frame that draws the viewer's eye to the real focal point of the picture—Randi's magnificent behind. This shot was taken with a Series E 75-150mm Nikkor zoom lens at f/8 on Kodachrome 64.

Our super centerfold is an excellent example of the skill of a top-notch photographer. The little 35mm slide was enlarged more than 190 times its original size to produce the picture in the fold-out. Unless the slide is exceptionally sharp and clear, the enlargement will break down and the model's skin tones will be blotchy and uneven. To achieve the clarity we got here, our photographer used a 105mm Nikkor lens set at f/22. Kodachrome 64 is used by most professionals for nudes, but when a giant enlargement is planned, many photographers switch to Kodachrome 25 because it has finer grain. But, in this case, our expert used 64—and the results justify his faith in Nikkor lenses.

Keep shooting, and as you improve, keep sending your photos to our "Friends and Lovers" contest. Check page 112 for our entry form and see if you can't collect some of that \$30,000 we spend to keep you working at the sexiest hobby ever.

The series of photos B, C, D, E, F indicate how important a model's mood is to a successful shooting session. Perfectly at ease with a glass of wine, Randi relaxed on the couch and on the floor next to the coffee table. She obviously enjoyed herself, talking and sipping her drink while our photographer kept

shooting. The result was a great series of pictures that projects a warm, sensual image of our model. (There were so many excellent shots in this series that it was difficult for us to decide which to use and which to discard.) This entire sequence was shot with an 85mm Nikkor lens at f/11 on Kodachrome 64.

Genesis

1984 \$5,000 friends & lovers GRAND PRIZE WINNER

RANDI HALSTEAD
TEMPE, ARIZONA

You've heard it before, but we'll say it again: Nice things come in small packages. Take Randi. At five foot one, she's no bigger than a minute. But she's no 98-pound weakling, either. When you're just a slip of a girl, people sometimes tend to overlook you or overprotect you. But Randi prides herself on both her self-sufficiency and her ability to stand out in a crowd. "I like to meet new people," she says. "The more the merrier." Well, Randi, meet the readership of Genesis magazine. They'd all like to be friends with you.

PHOTOGRAPHY BY J. STEVEN HICKS

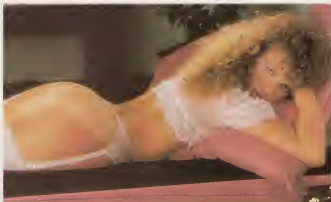

Of the hundreds of beautiful girls whose photographs are submitted each year for consideration in the "Friends & Lovers" competition, only one may reign supreme as the *crème de la crème*. This year's winner rose to the top with her winsome good looks and beguiling ways. "I used to be ashamed of my body," she told us (Randi owns a compact model, measuring 32-22-32.) But typical of her approach to life, she conquered her shame with direct confrontation. "Topless dancing," she reports, "has given me a good deal of self-confidence."

Raised in Arizona, where
the air is clear and the
spaces wide open, Randi
loves to travel but, like
most travel lovers, says
there is no place like home.

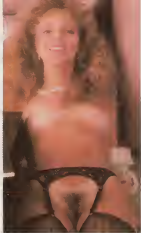

Sure, the city's a nice
place to visit, but, "It's nice
to be able to get up in the
morning and see the sky.
And besides, smog gives
me a headache."

Outdoor activities are close to her heart. Litterbugs incur her wrath. Both sentiments are even more understandable when you know her fantasy.

In the deep green woods, Randi pictures herself with her one true love, making love. "We are all alone in the woods, the only two people who matter."

At 27, Randi's never been married, but she'd like to settle down. If you're honest but not judgmental, liberal but family-oriented, maybe you could apply "And," says Randi, "blue eyes would be nice."

OVER \$30,000 IN CASH AND PRIZES

COURTNEY W.

27, lab technologist, dancer
Coral Gables, Florida
Photographed by her friend, A. D.

Blue-eyed, blond, beautiful, and bronzed, Courtney says she's only recently become brazen as well. "I still have some old-fashioned ideas," she told us, "but I'd have to be at least a little bit liberal to pose nude." Boy, are we glad! And so is Courtney, since she is this month's contest winner. Turn the page for more about this Dixie vixen.

EVALYN M.

37, housewife
Phoenix, Arizona

Photographed by her husband, Don

Look closely. Fun-loving Evalyn has two tattoos: a butterfly on her left breast and a bee on her left thigh. Why? Maybe because she's left-handed. A lover of the great Southwest, Evalyn says the weather is great because "you can wear next to nothing and nobody cares." Well, we sure do. How else would we have known about the tattoos?

Share the charms of your favorite lady with us. Each entrant whose picture is published in the monthly "Friends & Lovers" section receives \$50, plus a chance to win \$750 as a monthly winner and the \$5,000 Grand Prize. We'll accept any type of photograph, but please send slides for the best quality of reproduction. See contest rules and entry blank on page 106.

LEANDRA M.

20, writer

West New York, New Jersey

Photographed by her friend, Derek

This romantic's passion for poetry and long woodland walks has infused her fantasy life with "a mélange of the medieval—knights and white horses, castles and arbors, streams and dark forests." Leandra describes herself as "a shy person, but also an aggressive lover with someone I trust." She prefers a man who is "free-spirited," with "caring hands."

CINDY L.

21, waitress

Berwyn, Illinois

Photographed by her friend, Mark

"I value my independence," says Cindy. "and I'm a hard worker, but I love partying all night long after business has been taken care of." We got very excited when Cindy told us her favorite fantasy is "to make it simultaneously with all the members of Genesis." Then she told us she meant her favorite rock group, not your favorite magazine.

JOANNA W.

30, secretary

Niles, Illinois

Photographed by her friend, Al

Born and raised in Poland, Joanna is five foot two and just 99 pounds of fun. This petite blonde likes "disco dancing, traveling, and driving sports cars." Getting out of Poland and adjusting to America, though "a dream come true," must have been tough. Landing a husband—Joanna's next goal—should be a snap.

JOANNE L.

30, dental assistant and mother
Milford, Massachusetts

Photographed by her lover, Makoto

A mother of three, this tiny blonde likes going to her kids' sporting events, but she loves Japanese food, jazz, racquetball, and the beach. Her favorite sexual fantasy is very elegant: "I'm sitting on top of a white baby grand piano, listening to my boyfriend play. I'm wearing nothing but a black tuxedo jacket." Play it again, Sam.

WINK C.

35, sculptor
Greenville, South Carolina
Photographed by her husband, Dan

Ooh, la-la. Wink is très French, so she reminds us that "love and sex language is universal," adding: "I have dedicated my life to make my lovers (and above all, my husband) turned on, fulfilling for every man the most erotic fantasies. I love beauty, female and male bodies (in that order), and everything that pleases my eyes." At 37-24-36, Wink certainly pleased our judges' eyes.

LYNN W.

25, housewife and mother
East Chicago, Indiana

Photographed by her husband, John

Painting, dancing, and listening to music are all favorite pastimes, but Lynn loves sex best. She loves to give "fantastic head," and she loves "going to nude resorts" because she "loves sex outdoors" (indoors, too, apparently).

Dreaming of becoming a model one day, Lynn says, "Modeling is sexy and exciting." We couldn't agree more.

ELLEN C.

18, student
Boone, North Carolina
Photographed by her lover, Brian

Five foot nine and a spectacular 37-26-37, this lovely coed plans to go into advertising or journalism. She hates fakes, because "I am a very open person." We believe her, too, because her fantasies of making love in public are something she and her lover "try to live out—often."

TERESA F.

31, laboratory technician
Las Vegas, Nevada
Photographed by her husband, Paul

Basically modest, Teresa says, even so, "I like to please my husband by dressing up very sexy when we go out." She also told us her favorite fantasy "was to join the Mile High Club with my husband in a small aircraft." She's working on another favorite fantasy now. And so are we

CHERYL B.

24, secretary
Lumberport, Texas
Photographed by her lover, Donald

An erotic mix of Chippewa, Cree, and French Canadian, Cheryl is fond of "sailing, sunbathing, and making love to someone special." Still, she wonders what it would be like to "make it in a cockpit, maybe with a group of people of both sexes." Sounds like she lives dangerously, head in the clouds, right? Actually, Cheryl plans "to finish school and become a very prosperous C.P.A."

COURTNEY WHITE

CORAL GABLES, FLORIDA

When we think of Florida, we think of oranges, sunshine, and hurricanes. When we met Courtney, it was more of the same: sweet and healthy, bright and bouncy, in a hurry. Managing a laboratory for a group of physicians takes up her days, but not her energy: because nights, Courtney dances away at a local nightclub. "I love Florida," she bubbled, "and how you can run around in very few clothes. Everyone looks so healthy with a tan, and since you do wear so little, most people try to stay in good shape." At five foot three and 102 pounds dripping wet, Courtney keeps her 34½-25-34½ figure in very good shape.

PHOTOGRAPHY BY HANK PAPPAS

Getting her head in shape was more troubling. "I used to be a very inhibited girl," she says, "and posing has helped me come out of my shell." Well, yesh—posing

But surely she realizes that lots of horny guys will be looking at her layout with lust in their hearts (and elsewhere)? "Listen," she says, "if it makes anyone out there happy to look at my pictures, then I'm happy, too."

Courtney likes all kinds of sports and all kinds of food, but she can't abide people who are cruel to animals or who have to be high to have a good time. So what's a good time? "Oh, I do this a lot," she relates. "I prepare a candlelit dinner for my lover and dress up in a sexy dress with a garter belt and stockings. Afterwards, we both take a bubble bath by candlelight, followed by a rubdown. Then we'll watch a few good erotic movies, over a bottle of champagne. You guess the end." O.K., but what do we get if we get it right?

FRIENDS & LOVERS SPECIAL WINNER

SALLY NEWTON

FLINT, MICHIGAN

Sally Mae Newton is an unusual combination of liberated woman and traditional housewife. This voluptuous, five-foot-five, 105-pound brunette is married and actually gives her occupation as "housewife." And these days, saying that is like being against God, the American flag and apple pie. Sally also says she enjoys cooking, so we're sure she bakes a mean apple pie. Other interests? "Sunbathing, horseback riding, fantasizing, sewing." Hold it, Sally, let's go back to "fantasizing." Sally told us, "My favorite sex fantasy is to have two men at the same time—one making love to me the regular way, the other making love to me orally."

PHOTOGRAPHY BY STEVEN PETTIT

That's the liberated side of Sally, and we're sure that both sides will attract just about any man. And what kind of man does Sally find attractive? "He has to have a good, firm body, be sexy looking, and preferably hairy."

And for you guys who may be concerned about such things, Sally says that "size doesn't matter at all." Sally is still basically pretty much of a country girl. She now lives in Flint, Michigan, but is originally from the hills of Virginia. "It's quiet there, with beautiful mountains and fresh air. And all the men are strong and good looking." And all the women are sexy homebodies and beautiful.

Sally's plans for the future are also a combination of liberated woman and traditional housewife. "I'd like to have a beautiful baby, but I'd also like to have a career, perhaps as a photographer or model. But even if I were to be very successful, I'd still enjoy the simple things in life, like now. A candlelight dinner, a walk on the beach, making love in the moonlight, or later, in the bedroom."

Sultry Sandra loves to enter beauty contests—and she keeps winning them. No wonder. At five-feet-nine-inches tall, she had the good sense to distribute her 118 pounds thusly: 38-25-36. Our judges had to agree with all the judges who have gone before: This beauty is a real winner... and by presenting Sandra in a full layout, starting on page 49, we all become winners.

TERRY ANN L.

27, cocktail waitress, manicurist
South Lake Tahoe, California
Photographed by her lover, Jim

Originally from the pioneering nude-sunbathing area of Black's Beach, Terry Ann upholds her hometown tradition at Lake Tahoe. And she keeps in shape "for all kinds of activities" with Tahitian dancing. An animal lover, Terry Ann says, "I have a cockatoo that is my best friend." Sorry, but we couldn't possibly resist saying we have a cock-er-two that would like to be best friends with you, too.

Share the charms of your favorite lady with us. Each entrant whose picture is published in the monthly "Friends & Lovers" section receives \$50, plus a chance to win \$750 as a monthly winner and the \$5,000 Grand Prize. We'll accept any type of photograph, but please send slides for the best quality of reproduction. See contest rules and entry blank on page 106.

SUZY G.

19, housewife
Pontiac, Michigan
Photographed by her lover, Robb

Just a shade over five feet tall and 97 pounds dripping wet, Suzy's the outgoing type. "I like going to parties and meeting people," she says. That should help her realize her fantasy to "make it with two men at one time." If not, she has a backup fantasy: "making love on a beach with my favorite guy."

CHERYL W.

27, cashier
Baltimore, Maryland

Photographed by her husband, Thomas
A green-eyed brunette, Cheryl hunts, hikes, and swims to keep fit. (We think a 36-23-33 figure is very fit indeed.) She likes nude sunbathing, but that's probably not the activity Cheryl has in mind when she's fantasizing about being "stranded on some Arizona desert for about a week with my husband."

LINDA S.

26, homemaker and mother
Oxford, Kansas
Photographed by her husband, Kim

An advocate of "the country life" who "loves nature and the simple things," Linda likes to hunt, fish, and camp out. A perfect day for this perky blonde ends "under the stars, by a warm fire, making love." Asked what her future plans are, Linda replies, "Keeping my husband happy."

CAROLYN P.

33, entertainer and mother
College Park, Georgia

Photographed by her friend, Richard
Auburn-haired Carolyn has her beautiful green eyes set on a professional modeling career. Divorced, she has two daughters and three dogs and says she is "still looking for my ideal mate." He can be short or tall (Carolyn's five-eight), but he must be "sincere and honest, with a great sense of humor." And a hairy chest wouldn't hurt.

DIANE D.

28, teacher
Omaha, Nebraska

Photographed by her lover, Richard

Gentle Diane's very feminine hobbies include sewing, cooking, writing, ceramics . . . and weight lifting. Weight lifting? Yes, indeed, and probably necessary for a woman who admits, "I am creative and energetic, full of pranks, wit, and a strong sex drive." But you could probably keep up with her if you have "self-confidence, a promising career, and expensive tastes." (Diane just happens to love caviar and yachts.)

DEBRA L.

20, waitress/hostess
Antioch, Tennessee

Photographed by her husband, Kenry

Swimming and playing racquetball help Debra keep her scrumptious 35-26-35 figure. "Money, muscle, and class" turn her on. When she's not fantasizing about "going on a romantic weekend with Al Pacino or [she remembers to say] my husband," this lovely lady dreams of a modeling career—a good way to overcome her professed shyness.

LINDA H.

32, housewife
Youngstown, Ohio

Photographed by her husband, Gary

"Happily married with three children," Linda and her husband are also happily swinging away out in Ohio, or, as Linda puts it, "[We] enjoy the sexual pleasures of others." Sure, she likes "long rides in the country on a Harley," but an even better ride, to her, is an evening spent with "another couple, having a great time in the most intimate ways." Wow. Things are really hot in Ohio.

KAY W.

31, secretary
Ontario, Ohio

Photographed by her husband, Tom

Kay's aerobic classes and social dancing help work out any kinks in her 37-26-37 build. She says, "I make most of my clothes because I can't find anything sexy enough in the stores." This may have something to do with the hiring practices of her employers, since Kay delights in reporting.

"I am the only female where I work, which makes every day interesting." We can imagine.

CHARLOTTE W.

26, housewife
Crystal Beach, Ontario, Canada
Photographed by her friend, Bill

Tiny, sweet Charlotte is only five foot one and 34-24-31, and she wants you to know she's "a real blonde." (We could tell.) She likes "listening to the radio, having a good time," and men who are "tall, blond, and blue-eyed." A special daydream of hers is fantasizing this favorite man into her bathtub . . . obviously for some good, clean sex.

LINDA P.

29, housewife, mother, nurse's aide
Albany, New York
Photographed by her lover, Frank

Dark-haired Linda likes "reading, music, and sex—though not necessarily in that order." We can't be sure how much Linda has researched this, but she claims to prefer tall men because "they seem to be much better endowed than the shorter men." But since Linda's only five foot three herself, almost anybody but Mickey Rooney would be a tall man to her, no?

SUZETTE V.

21, aerobics instructor
Honolulu, Hawaii

Photographed by her friend, Joe

Besides her classes, spectacular Suzette surfs, dances, and lifts weights. "I spend most of my time at the beach or the gym," she adds unnecessarily. But it helps explain her beautiful five-foot-eight, 124-pound figure measuring 37-24-36. She confides her "most exotic sexual experience was making love on a surfboard in the ocean." Hey, Suzette; Surf's up!

FRIENDS & LOVERS MONTHLY WINNER

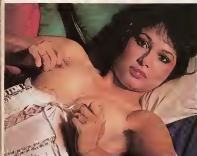

SANDRA A.

Hot, dusty summer sun. The cool mysteries of the night. Bigness. Boldness. Danger. Passion. Compassion. These are a few of the basic traits of the great Lone Star State. And they have a lot to do with the life and personality of Sandra A., favored daughter of Texas. A twenty-year-old college student, this Latin beauty could be described as upwardly mobile. But that's something like saying that the space shuttle Challenger is upwardly mobile. Sandra's moving so fast you'd better stand back—or you could get caught in the afterburn of her retrorockets.

PHOTOGRAPHY BY STEVE PETTIT

Don't think she's just
another pretty brain.
Sandra also has a pas-
sion for beauty contests.

In 1983 she took first
in two local pageants,
and will now enter the
Miss Texas contest in '84

OUR NEW "FRIENDS & LOVERS"
MONTHLY WINNER

RANEL G.

23, operations officer
Fair Oaks, California
Photographed by her friend, Sam

This beautiful blonde likes "drawing, snowsking, and bicycling," but for excitement she lists "skydiving and traveling." Presumably, when Ranel travels, she uses conventional means, like cars or planes. But she's none too conventional, so who knows? For more on this high-flying, self-proclaimed "old-fashioned" girl, see her winning layout.

VONDA H.

23, topless dancer
Ferguson, Missouri

Photographed by her husband, David

Good-looking men with bedroom eyes who are witty and sure of themselves drive Vonda crazy. Her fantasy is "to rent a motel and find out how many men I can take on in a row."

She loves to turn men on. "I also love two men at a time cause it turns me on having my husband watch me get fucked."

LOIS G.

39, housewife and seamstress
Snow Camp, North Carolina

Photographed by her husband, Ray

Hiking, softball, the NFL, the beach: If it's outdoors and it's rugged, Lois likes it. That's probably why she loves country music—and why her favorite fantasy stars "Willie Nelson on a cold and snowy evening in a secluded mountain cabin with a fireplace." Her sexual philosophy is "anything goes." Are ya listenin', Willie?

LINDA M.

32, housewife
Youngstown, Ohio

Photographed by her husband, Tony

A majestic six-footer, Linda loves the outdoors, "from dogsledding with my two Siberian huskies, to posing nude at a quiet beach." (Presumably without the huskies.) She's a fan of boxer Boom Boom Mancini, and quite a knockout herself. "I've lived most of my fantasies," the hazel-eyed blonde tells us, "but lately I have fantasized about seducing a young, unsuspecting virgin guy." Why-o-why-o, did we ever leave Ohio?

SUSAN B.

34, dental technician
Omaha, Nebraska

Photographed by her husband, Richard

A happy hombody who also likes to party, pretty Susan says, "My favorite fantasy is to feel free to do whatever turns me on in a moment of crazy impulsiveness . . . and to share it and enjoy it without fear of recrimination. I've done it lots of times!" Describing herself as very liberal sexually, she says wisely, "That's just an intellectual way of saying 'sex ought to be fun.' Nothing wrong with that, is there?" You're asking us?

SANDY R.

18, model
Atlanta, Georgia

Photographed by her friend, Jim

This strawberry blonde dreams of a career in show biz: singing, dancing, acting, or any combination thereof. "I enjoy just about everything as far as sex and life go," she says. "I like a man with muscles and sensitivity—sexy, kinky, ready to try anything." With an attitude (and a body) like that, you should have Hollywood at your feet soon, Sandy.

CHERYL B.

21, housewife
Newnan, Georgia

Photographed by her husband, Athen

Chicago-born Cheryl's become a rough-and-tumble Dixie belle. "I enjoy NFL football games, wrestling, drag racing, and Harley Davidsons," she says, "and weightlifting is what keeps this five-foot-two, 103-pound body in shape. More than anything, I love being married and pleasing my man." More than anything, we're pleased your old man likes to take pictures.

LINDA J.

31, contractor
Citrus Heights, California

Photographed by her husband, Jerry

Hardworking Linda is an outdoors girl who puts in long hours as a landscape contractor. Her idea of a perfect weekend starts by setting up camp on Friday, then fishing all day Saturday and playing golf Sunday. She is turned on by a man—her husband—who takes control and dominates her during lovemaking. Sounds like Linda knows what she wants and works at it.

JONG H.
36, cashier

Scott AFB, Illinois
Photographed by her husband, Steve

A native of Thailand, tiny Jong packs a powerful 33-23-32 figure on a miniature chassis of just four feet, nine and a half inches, and 90 pounds. She likes her men tall—at least six feet—with "money to spend freely," because she also likes traveling, night clubs, and dancing till dawn. "I love posing in the nude and wearing sexy, revealing clothes," she says matter-of-factly, "because I have a great little body." Matter of fact, she's right.

CHRIS M.

23, floral designer
San Antonio, Texas

Photographed by her husband, Marty

Housewife and floral designer, Chris fantasizes about month-long camping trips with her husband and "making love in the warm sunshine under open skies." Raised with "strong moral values," she puts pleasing her husband in and out of bed as her top priority. Let's hear it for Chris.

PAULINA W.

30, nurse

Palm Desert, California

Photographed by her husband, Lawrence

Medical school figures in her future, but in the meantime, Paulina likes dancing, ballet, and "making love in the front seat of a Mercedes 450SL with the top down." As you may have guessed, "good-looking, muscular men who enjoy spending money" are just her type. And the Palm Springs resort where she lives makes the perfect playground.

"FRIENDS & LOVERS" MONTHLY WINNER

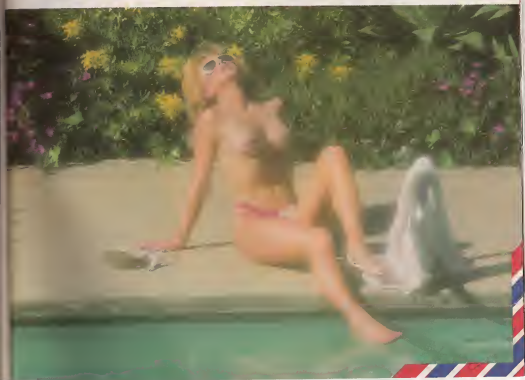

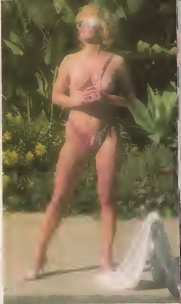

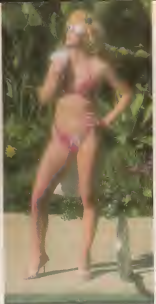

RANEL

FAIR OAKS, CALIFORNIA

How ya gonna keep 'em down on the farm?
When they look like Ranel, you ain't. "I lived on a ranch most of my life," says this month's winner, a five-foot-six blonde, "and I love being around horses. I am down-to-earth and a little old-fashioned." That may well be true, but how many down-to-earth types do you know who also like skydiving? Ranel's feet may be on the ground, but her head is always cloud-bound. For instance, her favorite fantasy is "making love in a balloon while we are flying over the mountains." Up, up, and away.

PHOTOGRAPHY BY J. STEVEN HICKS

Perfect weekend for Ranel
also happens high up: "We
are alone in a cabin way
up in the mountains, with
a fire blazing and lots
of champagne on ice."

The contradictions she seems to present do not confuse twenty-four-year-old Ranel a bit. Rather, by pursuing her opposite desires—up and down, fire and ice, rough and tender—she has found a fulness and a chance for her own happiness in a world too often confused by too many options.

So the long and the short of it is that Ranel
lives her life with a quiet excitement, a tender
roughness, and an icy fire. If any category hems her in,
she just redefines that category until it suits her. All of which
makes her unique. All of which makes her like most
women. All of which explains why some men find
women hard to understand. We hope Ranel
has helped you guys to "get it."
